Winterize Your Car

Driving in the winter means snow, sleet and ice that can lead to slower traffic, hazardous road conditions. Make sure that your vehicle is in top condition for the fast approaching winter weather. Start with a winter check up at Jack's here is what we do:

1. Check the charging system.
2. Check the brakes
3. Check all filters; air, fuel and oil
4. Check the tires
5. Check the antifreeze levels
6. Check all bulbs in each light.
7. Check windshield wipers.

Shop News

We are very pleased to announce that Kaitlin Gregory is the newest member of the Jack's Auto Service team. With her expertise in customer service, she is a pleasure to have at our front desk, answering phones and scheduling appointments. She is also very knowledgeable with computers and will be bringing Jack's to a higher level of technology, she will be

managing the website so send her a message or make an appointment online at www.jacksautoservice.com. Kaitlin is working full-time at the shop and a fulltime college student and is looking forward to getting her Bachelors' in Business in May of 2010.

Kaitlin will be the new friendly voice you will hear next time you call. Being our daughter and growing up around the shop, she is very familiar with automotive industry and a lot of our customers. Its is our pleasure to have the next generation working with us and the Jack's Auto Service team.

Gregory Cited by Molinaro and Liebell

After being awarded the NAPA/ASE Technician of the Year, Jack received many wonder notes of congratulations from valued friends and customers. In addition, New York Assemblyman Marc Molinaro presented Jack with

a citation on the floor of the state Assembly. He received another citation from New York State Senator Vincent Liebell for receiving the NAPA/ASE award and for his generous community involvement.

Tips for driving On snow and ice

The best advice for driving in bad winter weather is don't drive at all but we can't all do that so follow these tips to ensure a safe trip.

1. Decrease your speed and leave yourself plenty of room to stop. You should allow at least three time more space than usual between you and the car in front of you.
2. Brake gently to avoid skidding. If your wheels start to lock up, ease off the brake.
3. Use low gears to keep traction, especially on hills.
4. Don't use cruise control or overdrive on icy roads.
5. Be especially careful on bridges, overpasses and infrequently traveled roads, which will freeze first. Even at temperatures above freezing if the conditions are wet, you might encounter ice in shady areas or on exposed roadways like bridges.
6. Don't pass snow plows and sanding trucks. The drivers have limited visibility, and you're likely to find the road in front of them worse than the road behind.
7. Don't assume your vehicle can handle all conditions. Even four wheel and front-wheel drive vehicles can encounter trouble on winter roads.

We are your dealership alternatives

The law called Magnuson-Mass Warranty Act says that you can take your new vehicle anywhere for maintenance. Let it be Jack's. We provide new vehicle warranty maintenance to keep your new car warranty in place. We electronically keep track of what has been done and when-and, of course this is yours to reviews.

Our Mission

Jack's Auto Service is here to serve you by performing the highest quality automotive repairs at fair prices, using only proved materials of the highest quality. Our service are backed by our personal pledge of customer satisfaction. We will provide you, our customer, with outstanding professional and courteous service we stand behind our work.

Happy Holidays From All of us at Jack's!
